

# Telpar Stealth MTP 2822 USB

**2 in Direct Thermal Printer with  
Print Speed of 7+ In/sec and  
Multiple Interfaces  
USB, Ethernet, Serial, Parallel**

The Telpar Stealth MTP2822 USB 2 inch direct thermal printer is the one of newest members of the "Best-in-Class" Stealth MTP-2200 Series thermal printer line.

This new 2 inch printer features; USB, Ethernet, serial, and parallel interface connectivity, a faster print speed (up to 7+ inches per second), and wider operating temperature range, allowing for increased productivity in a wider range of self service and kiosk printer applications; including gaming, self service vending, receipt ticketing, ATM, as well as many remote printing environments.

The Stealth MTP-2822 USB thermal printer now offers many key enhancements to the MTP-2200 printer series while delivering Telpar's tradition of durable and reliable printers. The new printer has the same footprint, but now uses a newly designed print mechanism to provide double the print speed and print head wear life.

#### Multiple Connectivity Interfaces

The Stealth MTP-2822 USB thermal printers now offers additional connectivity options so users can easily integrate through USB 2.0, Ethernet, serial, and parallel connectivity. Now customers have more flexibility with a choice of network interfaces that enable faster data transfer .

#### Print Speed up to 7+ Inch per Second

The new Stealth MTP-2822 USB printer has a 2-inch (58 - 60 MM) paper width, and utilizes a faster Fujitsu printer mechanism that has print speed up to 7 +inches per sec and 200 dots/mm resolution. It features a 6" (152.4 mm) diameter paper supply that yields approximately 550 feet (169 m) of output allowing for maximum integration flexibility. Options include; no paper spindle for fan fold paper applications.

#### MODULAR THERMAL PRINTER

- Direct Thermal Printer Offers an 2 inch (60MM) Paper Width
- 200 DPI (8 DPMM) Resolution
- Print Speed of 7.8 inch Per Second
- Multiple Interfaces: USB, Ethernet, Serial and Parallel
- Operating Temperatures - 25° C to +70° C
- Supports Windows © Based Drivers
- Clamshell Design for Easy Maintenance
- Continuous Paper Roll
- Long Life Auto Cutter
- Patented Kiosk Printer Design
- Compact Foot Print
- Rugged, All-Metal Construction
- RoHS Compliant
- Factory Warranty

#### OPTIONS

- Available With or Without Document Presenter
- External Auto Range Power Supply (98-240 VAC/ 47-63 HZ)
- Paper Rolls
- Interface Cables: Serial, Parallel, Ethernet, Mini B USB
- Paper Delivery Bezels

### Rugged Design for Extreme Temperatures

To allow use in extreme temperatures, the printer was designed to have an operating temperature range of – 25 to +70 degrees C, solving a key challenge with thermal printing in terms of creating consistent images in cold environments.

### Utilizes Telpar's Patented Loop Presenter

The Stealth MPT-2822 USB offers the Telpar patented looping presenter, flip-up mechanism, and a retract-and-retain option for trouble free receipts and coupons.

### Auto-Cutter

The printer is available with or without a built in auto cutter that provides a full or (partial cut for non presenter models).

### Sensors

Sensors indicate Out Of Paper, Black Mark (For Top Of Form), Paper Low, Print Head Up, Cutter Jam And Document still in document presenter. These new enhancements were designed for cost conscious applications where reliability is important.

### Graphic Capabilities

This product is closely aligned with key end user requirements. Telpar printers come complete with Windows drivers, enabling users to easily print graphics, text, barcodes, etc from Windows applications and other prevalent programs. Print drivers are available for Windows 95, 98, 2000 and XP.

### Firmware Upgradable

The MTP-2822 USB firmware can be reflashed with upgrades when connected to a host PC. The thermal printer also has a flash memory allowing it to store and print logos making it a great choice for applications like hospitality, retail, ticketing and coupons. All printer drivers are available on [www.telpar.com](http://www.telpar.com) website for download.

### Typical Applications

The Stealth MTP-2822 USB is ideally suited for these applications and more.

- Entertainment & Gaming
- DVD Kiosk
- Pharmaceutical
- Vending
- Receipt Ticketing
- Maps and Directions
- Coupon Dispensers
- Cash Automation
- Restaurant/Food Service
- Gas Pump Receipting
- Remote Printing

### Telpar Printer Solution Capabilities

Telpar's expertise in providing world class, customer specific, OEM mini-printer solutions is exemplified by this partial listing of Telpar capabilities.

- **Excellent Organization** Telpar is a creative, flexible, quick-response organization that offers customers "Design to Need" mini-printer solutions.

- **Inventory** Telpar maintains a substantial inventory of distribution products and raw materials, minimizing manufactured product lead-time.
- **Excellent Relationships** Telpar maintains relationship with several printer mechanism manufacturers, allowing customers to choose from a variety of state-of-the-art products.

- **Staging** Telpar offers cost effective staging of its mini-printer solutions for drop shipment to any number of designated locations. Telpar tailors these programs to specific customer's system staging requirements.

### Service & Support

Telpar provides direct warranty and non-warranty repair and service on all Telpar printers through our Depot Repair Center located in Dover, NH. Telpar offers a variety of service options including:

- Standard & Extended Warranty
- Telephone and Email Technical Support
- Time and Materials Options
- Online Manuals and Printer Drivers
