

# Telpar Stealth MTP 2283i USB

**8 1/2 in Direct Thermal Printer  
with Multiple Interfaces  
USB, Ethernet, Serial, Parallel**

The Telpar Stealth MTP-2283i USB 8 1/2 in direct thermal printer is the newest member of the "Best-in-Class" Stealth Series thermal printer line.

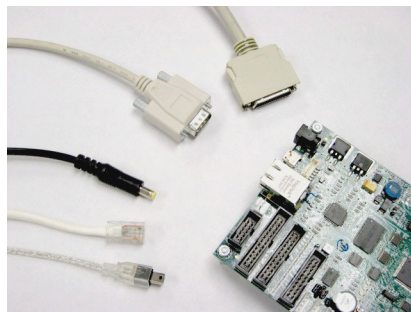

This printer has USB and Ethernet connectivity options that allow for even easier integration and increased productivity in a wider range of self service and kiosk printer applications including; multi-media kiosks, gift registry, mapping, financial statements, pharmaceutical data, remote printing and product information applications.

#### **Multiple Connectivity Interfaces**

The Stealth MTP-2283i USB thermal printers now offers additional connectivity options so users can easily integrate through USB 2.0, Ethernet, serial, and parallel connectivity, building on Telpar's tradition of delivering durable and reliable printers with unmatched performance characteristics.

All interfaces come standard on the printer and all cables including the an USB mini B are available.

Now customers have more flexibility with a choice of interfaces that enable faster data transfer .

#### **Meets Applications for 8 1/2 inch Width Paper**

To meet the needs of various applications, the printer accommodates up to an 8 1/2 " Wide X 8" diameter roll of continuous paper that allows up to 1100 (8 1/2" X 11" (216 Mm X 79.4 Mm)) Sheets Per Roll at 300 dpi resolution and print speeds of 2 inches per second.

#### **MODULAR THERMAL PRINTER**

- Direct Thermal Printer Offers an 8 1/2 " (216MM) Paper Width
- 300 DPI (11.8 DPMM) Resolution
- Print Speed of 2 " Per Second
- Multiple Interfaces: USB, Ethernet, Serial and Parallel
- Supports Windows © Based Drivers
- Clamshell Design for Easy Maintenance
- Remote Paper Supply
- Long Life Auto Cutter
- High Capacity—up to 1100 8 1/2" X 11" (216 MM X 79.4 MM) Sheets Per Roll
- RoHS Compliant
- Patented Kiosk Printer Design
- Compact Foot Print
- Rugged, All-Metal Construction
- Factory Warranty

#### **OPTIONS**

- Available With or Without Document Presenter
- External Auto Range Power Supply (98-240 VAC/ 47-63 HZ)
- Paper Rolls
- Interface Cables: Serial, Parallel, Ethernet, Mini B USB
- Paper Delivery Bezels

### Utilizes Telpar's Patented Loop Presenter

Included is all the functionality of the current MTP-2283i series, Telpar patented looping presenter, with document retract or eject, automatically retracting the document back into the enclosure if it is not taken, helping guard circulation of client sensitive information

### Rugged and Reliable Construction

The Stealth MTP-2283i USB printer has the same footprint as the current MTP-2283i for easy integration into legacy environments. It is built with metal frame for increased rigidity and durability in high use applications. The metal frame also provides better electrostatic discharge resistance than plastic.

Other printer features include a a straight paper path with flip-up print head access design, easy-load paper system to facilitate paper roll replacement and machine service. Several sensors provide paper low, out of paper, top of form, document in presenter, print head up, dropped document and cutter jam. The MTP-2283i USB includes a rotary auto cutter with an operational life of 1 million cuts.

### Graphic Capabilities

Print drivers are available for Windows 95, 98, 2000 and XP and to maximize the MTP-2283i USB configuration versatility, a flash memory allows storage for; print logos, bar codes, graphics, customer specific text, and website pages.

### Firmware Upgrades

The MTP-2283i USB firmware can be reflashed with upgrades when connected to a host PC.

All printer drivers are available on [www.telpar.com](http://www.telpar.com) website for download.

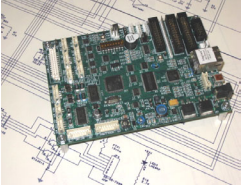

### Typical Applications

The Stealth MTP 2283i USB is ideally suited for these applications and more.

- Gift Registry
- Financial Data
- Visitor Centers
- Museums
- Product Information
- Mapping,
- Multimedia Kiosks
- Human Resources & Recruiting
- Hotel Reservations & Check-in/out
- Medical patient monitoring
- Remote Printing

### Telpar Printer Solution Capabilities

Telpar's expertise in providing world class, customer specific, OEM mini-printer solutions is exemplified by this partial listing of Telpar capabilities.

- **Excellent Organization** Telpar is a creative, flexible, quick-response organization that offers customers "Design to Need" mini-printer solutions. 
- **Inventory** Telpar maintains a substantial inventory of distribution products and raw materials, minimizing manufactured product lead-time.
- **Excellent Relationships** Telpar maintains relationship with several printer mechanism manufacturers, allowing customers to choose from a variety of state-of-the-art products.
- **Staging** Telpar offers cost effective staging of its mini-printer solutions for drop shipment to any number of designated locations. Telpar tailors these programs to specific customer's system staging requirements. 

### Service & Support

Telpar provides direct warranty and non-warranty repair and service on all Telpar printers through our Depot Repair Center located in Dover, NH. Telpar offers a variety of service options including:

- Standard & Extended Warranty
- Telephone and Email Technical Support
- Time and Materials Options
- Online Manuals and Printer Drivers
