

Product Warranty Statement

Telpar Standard Product Warranty

For one (1) year after shipment of the printer product to the Buyer, Telpar warrants the product against defects in materials and workmanship provided the product has been operated and maintained in accordance with manufacturer's operating and maintenance specifications.

This warranty specifically excludes ribbons, paper and other consumable items.

This warranty is in lieu of any and all other warranties, expressed or implied.

Telpar makes no other warranty and buyer specifically waives any other warranties, including warranties of merchantability or fitness for a particular purpose. There are no warranties which extend beyond those described herein.

Telpar's liability hereunder is limited to the repair or replacement of defective parts. This liability does not extend to normal wear and tear. Telpar will, solely at its option, remedy all valid warranty claims either by:

- Repairing or replacing the defective unit at Telpar's factory; or
- Repairing or replacing the defective subassembly at Telpar's factory.

If so directed by Telpar, the Buyer shall return the defective unit or subassembly, transportation prepaid by the Buyer, to Telpar's factory. After repair or replacement has been accomplished, Telpar will return the unit or subassembly, transportation prepaid by Telpar, to the Buyer.

As a precondition to any warranty service, prior to return of any units or subassemblies to Telpar by the Buyer, Buyer must contact Telpar's Order Administration Services and receive authorization in the form of a Return Material Authorization (RMA) number. Telpar reserves the right to refuse any goods it has not previously authorized for return, or any goods shipped without transportation prepaid.

No warranty shall apply to any damage resulting from or caused by buyer, if buyer shall make any changes, modifications, additions or deletions of hardware, software or firmware in the printer products sold hereunder without Telpar's advance written consent.
