

# Mini 8

**Compact 8 1/2 in Direct Thermal Printer with Multiple Interfaces  
USB, Ethernet, Serial and Parallel**

The compact Telpar Mini 8 thermal printer is designed specifically for the high performance, size and durability requirements of cut and drop (or cut and present with optional Document Presenter) applications. The compact size and high performance characteristic, coupled with its rugged design, makes it ideal for the kiosk environment.

### **Compact Design**

The compact design of 191 mm Length X 272 mm Width X 71.1 mm Height dimensions make the Telpar Mini 8 a cost effective printer. The printer also uses a 24 VDC power supply.

### **Meets Applications for 8 1/2 inch Width Paper**

To meet the needs of various applications, the printer accommodates up to an 8 1/2 " Wide X 8" diameter roll of continuous paper that allows up to 1100 (8 1/2" X 11") (216 mm X 79.4 mm) sheets per roll at 300 dpi resolution and print speeds up to 4 inches per second.

### **Multiple Interfaces**

This printer has USB, Ethernet, Serial and Parallel connectivity options that allow for even easier integration and increased productivity in a wider range of self service and kiosk printer applications including; data communication terminal, gaming, lottery, information kiosk, vending machines, remote printing and product information applications.

### **Flexible Paper Roll Positions**

A choice of horizontal and vertical mechanical orientations provides critical design flexibility.

Your Printer Solutions Company

## **MODULAR THERMAL PRINTER**

- **Direct Thermal Printer Offers an 8 1/2 " (216 mm) Paper Width**
- **300 DPI Resolution**
- **Print Speed up to 4in (101.6mm) Per Second**
- **Multiple Interfaces: USB, Ethernet, Serial, Centronics (Parallel)**
- **Compact 191 L x 71.1 H x 272 W mm**
- **Remote Paper Supply**
- **Auto Paper Loading**
- **Auto Cutter**
- **High Capacity—up to 1100 8 1/2" X 11" (216 mm X 79.4 mm) Sheets Per Roll**
- **Environment**
  - Operations 0° C to 50° C
  - Storage -20 ° C to 60° C
- **Horizontal or Vertical Mounting**
- **Rugged, All Metal Construction**
- **Factory Warranty**

## **OPTIONS**

- **Available With or Without Document Presenter**
- **Continuous Paper Rolls, Folded Paper and Marked Paper**
- **Paper Delivery Bezels**
- **Paper Holder**

### Rugged and Reliable Construction

The compact Mini 8 printer is built with metal frame for increased rigidity and durability in high use applications. The metal frame also provides better electrostatic discharge resistance than plastic.

### Easy Load Design

Other printer features include a straight paper path with flip-up print head access design, easy-load paper system to facilitate paper roll replacement and machine service.

Several sensors provide paper low, out of paper, top of form, document in presenter, print head up, dropped document and cutter jam. The Mini 8 includes a guillotine paper cutter.

### Graphic Capabilities

Print drivers are available for Windows 98, 2000 and Windows XP Embedded and to maximize the Mini 8 configuration versatility, a flash memory allows storage for ; print logos, bar codes, graphics, customer specific text, and website pages.

### Barcode

UPC-A, UPC-E, EAN 13, EAN 8, 3 of 9, ITF, CODABAR, and Code 128

### Firmware Upgrades

The Mini 8 firmware can be reflashed with upgrades when connected to a host PC.

All printer drivers are available on [www.telpar.com](http://www.telpar.com) website for download.

### Typical Applications

The Mini 8 is ideally suited for these applications and more.

- Gift Registry
- Financial Data Statements
- Visitor Centers
- Museums
- Product Information
- Mapping
- Multimedia Kiosks
- Human Resources & Recruiting
- Medical Patient Monitoring
- Remote Printing
- Self Service Storage
- Way Find Kiosks
- Airline Ticketing
- Hotel Reservations & Check-in/out
- Large Capacity Receipt Printing

### Consultative Approach

Telpar takes a consultative approach to each customer's requirements, working with them to customize a solution that could include product design, prototyping, manufacture, and support.

Telpar designs, manufactures and distributes worldwide, its own line of direct thermal and impact Kiosk and specialty receipt printers.
